Support

Thank you for your purchase of the Majority Ben Macdui II.

Please follow the guidance of the manual to set up your new purchase and begin enjoying its features.

If you require further assistance with your new soundbar, please contact our support team on the Majority website:
https://www.majorityradios.co.uk/support

Mode Indicator Lights

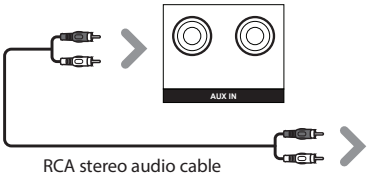
State	Indicator Lights
Optical mode	Red
AUX mode	Green
FM mode	Blue and Green
Line in mode	Red and Green
Bluetooth ready	Flashing blue
Bluetooth connected	Blue

Fixing the Soundbar: Using the RCA Audio Cable

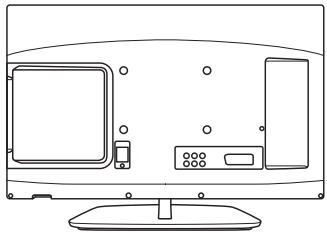
Use the RCA Stereo Audio Cable to connect the TV's stereo RCA(L/R). Audio output socket to the AUX(L/R) sockets of the unit.

Then press the MODE button on the remote control (**Ref.18**) or press the Mode/Source button on the unit (**Ref.27**) to scroll to the AUX function. A green indicator light will display.

Turn on your television set to use the Majority Ben Macdui.



RCA stereo audio cable



Rear view of the unit

Fixing your Soundbar: Using the Optical Input

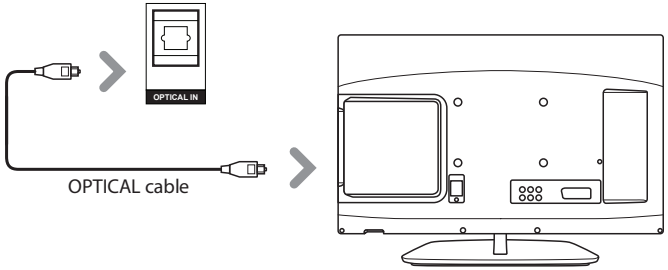
You will need: An audio source with an Optical Audio Output and a Digital Optical Audio cable (not included)

Connect the Digital Optical Audio cable to the optical output on the audio source and to the Optical Input on the speaker bar (**Ref.8**)

Press the Power button on the soundbar (**Ref.26**) or POWER button directly on the remote control (**Ref.10**) to switch on the unit.

Press the MODE button on the remote control (**Ref.18**) to switch to Optical mode or select the Mode/Source button (**Ref.27**) on main unit repeatedly to select the Optical mode. The mode indicator LED will turn Red.

Using the native controls on your connected device, make sure the audio settings are set to PCM or Optical Audio and are turned On. Audio from the connected audio source will now be played through the speakers.



Rear view of the unit

Using the MP3 LINK Connection (Line In)

Plug one end of a 3.5mm audio input cable (included) into the Line In on the unit (**Ref.5**) . Before use, disconnect any cables connected to the Stereo RCA Inputs.

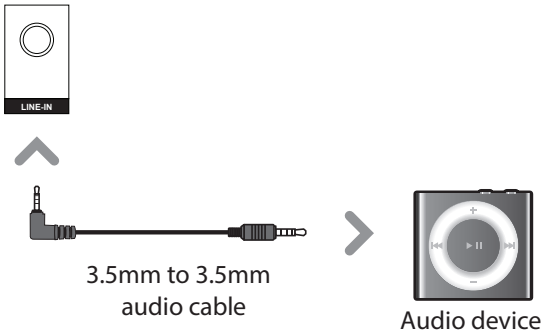
Plug the other end of the cable into the audio output/ headphone output on an MP3 player or other audio source.

Press the Power button on the soundbar (**Ref.26**) or POWER button directly on the remote control (**Ref.10**) to switch on the unit.

Press the Mode/Source button repeatedly on the soundbar (**Ref.27**) or repeatedly press the MODE button on remote control (**Ref.18**) to enter LINE in mode. The mode indicator will turn red and green.

Audio played through the connected device will now be heard through the speakers.

To skip to Previous/Next or Play/Pause the song, use the buttons on the soundbar (**Ref.28, 29, 30)** or from your device.



Connecting to the Mains Supply

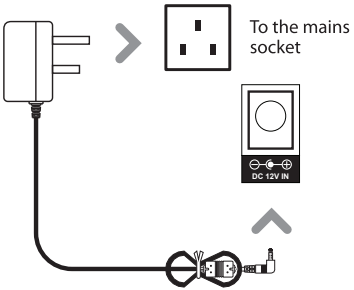
Ensure that the power supply voltage is in the voltage of 100V~240V.

This unit is designed to use adapter.

Connecting the unit to any other power source may cause damage to the unit.

Unwind the mains cable to its full length. Connect the mains plug to a mains socket. Make sure the mains plug is fully inserted into the mains socket.

Connect the Adapter to the unit and AC Socket (**Ref.4**)



DC-in Power Cable

Ensure all audio connections of the unit are connected before connecting to the mains power socket.
Unplug the power cord from the outlet when the unit is use for an extended period of time.

Connecting the Soundbar and Sub-woofer

The sub-woofer and soundbar will wirelessly connect to each other for a surround sound experience. This allows you to place the sub-woofer within the corner of the room to ensure that the sound from your TV fills the room.

To connect them together, please ensure that your soundbar is being mains powered and switched 'ON' for initial set up. To do this, press the Power button on the unit or the POWER button on the remote control.

Follow by plugging the sub-woofer into a power source, and turning it ON via the power switch (**Ref.33**).

The sub-woofer and soundbar should then automatically connect via wireless Bluetooth connectivity.

If you are having connectivity issues, please move the sub-woofer closer to the soundbar for set up.

Bluetooth Operation

Pairing a Bluetooth Device for the First Time

Press the Power button on the unit (**Ref.26**) or the POWER button on the remote control (**Ref.10**) to switch on the unit.

Press the MODE button repeatedly on the remote control (**Ref.18**) or press the Mode/Source button (**Ref.27**) repeatedly on the soundbar to enter Bluetooth mode, indicated by a flashing blue light.

Using the native controls on your Bluetooth device, select the "Majority Ben Macdui II" in your Bluetooth settings to pair.

If your device requests a password, enter the default "0000". Refer to the user manual for your specific device for instructions on pairing and connecting Bluetooth devices.

When successfully paired and connected, a beep will issue from the unit and the pairing indicator will display a solid blue light. After initial pairing, the unit will stay paired unless unpaired manually by the user, or until it is erased due to a reset of the device.

If your device should become unpaired or you find it is unable to connect, repeat the above steps.

Playing Audio Wirelessly

Follow the instructions for pairing a Bluetooth device.

Use the native controls on the connected Bluetooth Device to select a track.

To Play/Pause the track or Skip Forwards/Backwards to a selected track, use the native controls on the soundbar (**Ref.28**, **29, 30**) or via the remote control (**Ref.12**,**13, 19**)

Audio played through the connected Bluetooth device will now be heard through the speakers.

FM Mode

Press the MODE button repeatedly on the remote control (**Ref.18**) or press the Mode/Source button on the soundbar repeatedly to enter FM mode (**Ref.27**), indicated by a blue and green light.

When on FM mode, press and **hold** the 'Play/Pause' button on the remote (**Ref.13**) or on the soundbar to begin searching for available FM stations.

After the search is complete, the soundbar will save the stations with good signal. To scroll through these saved stations, press the 'Previous/Next' buttons on the soundbar (**Ref.29/30**) or on the remote control (**Ref.12/19**).

Troubleshooting

If the Soundbar does not work properly as desired, please check the following checklist.

Malfunction	Possible causes/measures
No power / function	Check whether the power is switched on or off at the wall. Check whether the power adaptor is properly connected to power outlet or not.
No sound	Check whether cables are properly installed. If they are, please try alternative cable to connect to your TV if possible. Check unit is out of standby and in mode.
No sound from bluetooth connection	Check whether you have pressed PAIR button before pairing. Check whether external device requires password "0000" to start with.
Function disturbance	**Switch off and unplug the unit. Leave it for 2 minutes and switch it on again.** **If a particular mode is causing problems, please try an alternative connection to your TV such as Optical, AUX or Bluetooth.**
Remote control does not work [properly]	Check whether the battery run out or not. Replace with a new one if necessary. Check whether there is obstacle on the front of remote sensor.
No sound when connection and switches to OPTICAL IN mode	Check and ensure the audio setting of the input source (e.g. TV, game console, DVD player, etc.)is set to PCM mode while using digital connection (such as Optical,HDMI and COAXIAL)

Specification

Power Supply	DC 12V/2A
Power Consumption	75W
Power Output (max)	75W*2 + 75W Subwoofer
Frequency Response	+/- 3dB
Bluetooth	V3.0
Dimension (WxHxD)	Sound bar: 81 x 6.3 x 8.7 cm Sub-woofer: 16.5 x 30.3 x 24 cm

Warranty

All products come with a standard 12 month warranty. All items must be registered on **www.majorityradios.co.uk** for the warranty to be valid. Once on the web page, use the menu to find "Register Your Product". You will also be given the chance to extend your warranty for an additional 24 months, free of charge.

1. **Read these instructions.**
2. Keep these instructions. Instructions are also available for download at www.majorityradios.co.uk
3. Heed all Warnings
4. Follow all instructions
