Support

Thank you for your purchase of the Majority Neptune.

Please follow the guidance of the manual to set up your docking station and enjoy its fantastic variety of stations and features.

If you require further assistance with your new purchase, please contact our support team on the Majority website:
https://www.majorityradios.co.uk/support/

Basic Operation

Please note all (Ref.) refer to Page 2-3 Controls and Functions mapping guide.

Starting up your radio

Plug the adaptor connector into the back of the system labelled 'DC 5v' and turn the power on from the mains (**Ref.20**).

Press the 'Power' button to turn on the unit (**Ref.9**) and "ON" will be displayed on the screen.

To select a mode, press the 'Set Mode' button (**Ref.11**) multiple times until your required option displayed on the screen (pg.2). There are five modes to select from:

- **iPod/iPhone Connection**
- **USB Playing Mode**
- **Bluetooth**
- **AUX-In Playing Mode**
- **FM Radio**

Standby

To place the music system back to standby, press the 'Power' button (**Ref.9**). The front display will show "Off" and then switch to the standby screen with a clock display.

To turn the unit off fully, switch it off at the mains.

Please ensure that the cord is out of reach of children.

iPhone/iPod Connection

iPhone/iPod Docking

Press the 'Set Mode' button (**Ref.11**) repeatedly until "iPod" displays on the front display screen (**Ref.1**) to indicate iPhone/iPod mode.

Insert your iPhone/iPod onto the dock (**Ref.3**) and ensure that it is supported by the stand. You may have to remove your phone case to ensure that it is connecting properly to the port.

Once your iPhone/iPod is connected to the dock, your device will begin to charge.

Go to your iPhone/iPod and begin to play your favourite albums, playlists or music app - this should now begin to be heard out of the Neptune speakers.

Once the music is playing from your device, you can use the 'Skip Back' (**Ref.5**) or 'Skip Forward' (**Ref.7**) buttons to select previous or next tracks. The remote control can also be used for various functions, see page 3.

Please ensure that your iPhone/iPod is not on low volume.

USB Functions

USB Playing Mode

Select the 'Set Mode' button (**Ref.11**) repeatedly to scroll to USB mode. When the ⚲ icon appears, USB mode will be selected for USB playing mode.

Connect a USB stick into the USB port at the back of the docking station. Audio from the USB stick should begin playing automatically when in USB mode.

Use the '<<' and '>>' buttons (**Ref. 5/7**) to select previous or next tracks. You can also use the 'Play/Pause' button (**Ref.6**) to play or pause a track.

USB Charging

Connect a USB charging cable into the USB charging port at the back of the unit (Ref.).

Connect the USB cable to your device to begin charging your device.

Please note that you cannot play music from your phone, tablet or other device by connecting it via USB cable.

Bluetooth

Connect to Bluetooth

Select the 'Set Mode' button (**Ref.11**) repeatedly to scroll to Bluetooth mode. When the 🔵 icon appears, Bluetooth mode will be selected.

Go to Bluetooth settings on your phone/tablet and ensure that it is switched on. "Majority Neptune" should then display in available devices to connect to. Select this option to connect to it and your device should display "Connected".

To choose the music you wish to play, you will need to choose the album, playlist or streaming service from your device.

Use the '<<' and '>>' buttons (**Ref. 5/7**) to select previous or next tracks. You can also use the 'Play/Pause' button (**Ref.6**) to play or pause a track.

Tip: Ensure the volume is switched up on your device to ensure you have sound. Ensure any other users have disconnected from the device before trying to connect.

Bluetooth Call Connection

Once your phone is connected via Bluetooth to the Neptune and you have approved access to your phone book, you can accept and cancel calls from the dock.

To answer a call, press the 'Play/Pause/Scan/Call' button (**Ref.6**). Press this button again to end the call.

To resume music after the call has ended, press the 'Play/Pause/Scan/Call' button (**Ref.6**) again.

AUX-In Playing Mode

Scroll through to AUX mode by pressing the 'Set Mode' button (**Ref.11**) repeatedly until the 🎧 icon displays on the screen.

You can connect your phone or tablet with an Aux 3.5mm cable that connects to the Aux-in jack (**Ref.15**).

Begin playing music from your device and it will begin to sound through the Neptune speakers.

Please ensure that the volume on your device is switched up so that it sounds through the Neptune.

FM Radio Mode

Scroll through to FM Radio mode by pressing the 'Set Mode' button (**Ref.11**) repeatedly until the ◁10 7.8.ᴹᴴᶻ icon displays on the screen.

Move the antenna so that you get the best signal you can (**Ref.19**).

Press and hold the 'Scan' button (**Ref.6**) and the music system will automatically save all stations that have a good signal.

To scroll through the saved stations, use the 'Skip Bk' (**Ref.5**) or 'Skip Fwd' (**Ref.7**) buttons.

To fine tune, use the 'Tun+' (**Ref.11**) and 'Tun-' (**Ref.12**) buttons to tune a frequency, hold the button to scan quickly.

Settings: Dual Alarm Function

Setting your alarm

Please note that the 'Alarm 1' option is a Sound Once alarm, and 'Alarm 2' is an Everyday alarm.

Press the 'Alarm 1' button (**Ref.12**) or the 'Alarm 2' button on the radio (**Ref.13**). The alarm icon 1 or 2 will appear on the display screen.

When setting the alarms using the remote control, press the 'Set' button (**Ref.3**) and use the 'Skip Back' (**Ref.6**) or 'Skip Fwd' (**Ref.7**) buttons to choose your hour and minutes. Press the 'Set' button (**Ref.3**) when confirming your options.

Firstly, you will need to select your alarm sound. There are 4 sound options to select from. Press the 'Alarm1/2' button multiple times to choose between the following options: iPod, Radio, Buzzer or Off. Press the 'Set Mode' button (**Ref.11**) to select your option.

Next, you can set the hour of the alarm by using the '-' (**Ref.4**) and '+' (**Ref.8**) buttons. Once your alarm hour displays, press the 'Set Mode' button (**Ref.11**) to confirm.

Next, you can set the minutes of the alarm by using the '-' (**Ref.4**) and '+' (**Ref.8**) buttons. Once your alarm minutes display, press the 'Set Mode' button (**Ref.11**) to confirm.

When the alarm is set, an icon will display on the main display screen.

Alarm Functions

The alarm will sound from low to high volume.

To snooze your alarm for another 9 minutes, press the 'Snooze/Dimmer' button (**Ref.2**). You can keep snoozing for up to 30 minutes.

To turn alarm off, press the 'Power' button (**Ref.9**) or 'Alarm 1/2' button (**Ref.12/13**). Alarm 1 will need to be reset on every use but Alarm 2 will sound daily once set unless the setting is changed to 'Off'.

Setting the Clock

The time will automatically set once you have docked your iPhone into the unit and will show when system is in Standby. To manually set, follow the below instructions:

Manually Setting the Time

Press and **hold** the 'Time' button (**Ref.16**) for 1 second to display clock options. Select your option using the '-' (**Ref.4**) and '+' buttons (**Ref.8**).

Firstly, you will need to select a 12 or 24 hour clock for the display screen. Using the '-' (**Ref.4**) and '+' (**Ref.8**) buttons, select 12 HOUR or 24 HOUR. When your option displays, press the 'Time' button to confirm your option.

Next you can set the clock hour. The clock hour will flash and you can change it using the '-' (**Ref.4**) and '+' (**Ref.8**) buttons. When the correct hour displays, press the 'Time' button to confirm your option.

Next you can set the clock minutes. The clock minutes will flash and you can change it using the '-' (**Ref.4**) and '+' (**Ref.8**) buttons. When the correct minutes display, press the 'Time' button to confirm your option.

Sleep Setting

Sleep Setting enables you to programme the music system to switch off at a set time – up to 90 minutes.

Press the 'Sleep' button (**Ref.10**).

Browse through the sleep timer options by pressing the 'Sleep' button (**Ref.10**) multiple times. The options are '90/80/70/60/50/40/30/20/10 or Off'.

The sleep icon will appear in the top right of the display screen. To see how many minutes you have left before the unit automatically switches off press the 'Sleep' button (**Ref.10**).

To turn the function off, follow the above instructions and choose "OFF".

Brightness Setting

To change the display screen brightness, use the remote control 'Dimmer' button (**Ref.5**) or the 'Dimmer' button (**Ref.2**) on the unit.

Press the button repeatedly to choose between 4 different brightness levels. You can also choose to turn the brightness off completely.
