What's in the Box?

- Majority Romsey Pocket DAB / DAB+ / FM Radio
- Earphones
- Micro USB cable
- User Guide

Please note all (Ref.) refer to the *Controls and Functions* mapping guide on Page 1.

Basic Operation

Switch the 'ON/OFF' button (Ref.12) on the top of the system to the 'ON' position. "Welcome to Digital Radio" will show on the display.

Press 'Standby/Mode' button (Ref.1) to turn on.

The display will show "Searching" and the radio can take a few minutes to scan for stations. Once scanning has completed, the display will show the time and station information.

Press the 'Standby/Mode' button (Ref.1) to switch to FM or again to switch back to DAB.

Ensure that the earphones are correctly inserted into the earphone jack (Ref.10) on the top of the system, as they also act as the antenna of your radio. Without them, no DAB/FM signal will be received.

DAB / DAB+ Radio

Press the 'Standby/Mode' button (**Ref.1**). On first use, DAB Radio will automatically start scanning all stations and save them.

To scan (if the unit hasn't automatically done so, or shows no signal) press and **hold** the 'Menu/Info' button (**Ref.7**) and when the display shows "FULL SCAN", press the 'Enter' button (**Ref.3**).

The unit will start scanning up the frequency band and store all stations that have a good signal. Please note, if you are not in a good DAB signal area then the signal may be limited. The display will show "Not available" if no signal.

The radio will automatically save all those stations that have a strong signal. After searching has finished it will automatically play the first station stored.

To select any of the stations that have been stored, use the 'Next' (**Ref.5**) and 'Previous' (**Ref.2**) buttons to navigate through the stations. To listen to a chosen station press the 'Enter' button (**Ref.3**).

The radio will display station information when you press the 'Menu/Info' button (**Ref.7**). Press multiple times to view all information available (See page 8).

When you turn the radio on again after switching it off, it will automatically tune to the same station (DAB or FM) that was last selected.

How to preset a radio station

You can store a station using the 'Enter' button (**Ref.3**) and save up to 10 stations.

First, tune the station you want to store. Then press and **hold** the 'Enter' button (**Ref.3**). "Preset Empty (1)" will show on the display.

Use the 'Previous' (**Ref.2**) or 'Next' (**Ref.5**) buttons to change the "1" to the number you want to store the station as.

Press and **hold** the 'Enter' button (**Ref.3**) to save.

The display will then show "Preset (1) stored".

How to play a preset radio station

Once you have stored all your selected stations, press and **hold** the 'Enter' button (**Ref.3**). Use 'Previous' (**Ref.2**) or 'Next' (**Ref.5**) buttons to scroll through your preset stations, up to 10.

Press the 'Enter' button (**Ref.3**) to select your choice.

FM Radio

Press the 'Standby/Mode' button (**Ref.1**). Press multiple times to switch between DAB or FM Radio. The first time you do this FM frequency "87.5 MHz" will be displayed on the screen.

To auto scan, press and **hold** the 'Previous' button (**Ref.2**) and then release. This will scan down the stations. To scan up the stations press and **hold** the 'Next' button (**Ref.5**).

After searching has finished, the unit will automatically play the first station stored with a good signal.

The radio will display station information when you press the 'Menu/Info' button (**Ref.7**). Press multiple times to view all information available (See page 9).

How to tune a specific frequency manually

To listen to a specific frequency, you can search quickly by pressing and holding the 'Next' button (**Ref.5**) to search up and the 'Previous' button (**Ref.2**) to search down the bandwidth. Searching will stop when you press the button again. To search slowly, press the 'Next' (**Ref.5**) and 'Previous' (**Ref.2**) buttons multiple times instead of holding.

Mono and Auto

In working mode, press and **hold** the 'Menu/Info' button (**Ref.7**). Use the 'Previous' button (**Ref.2**) to highlight your option.

Choose "SET TO AUTO" or "SET TO MONO" and press the 'Enter' button (**Ref.3**).

How to preset a radio station

You can store the station using the 'Enter' button (Ref.3) and save up to 10 stations.

First, tune the station you want to store. Then press and **hold** the 'Enter' button (Ref.3). "Preset Empty (X)" will show on the display.

Use the 'Previous' (Ref.2) or 'Next' (Ref.5) buttons to change the "1" to the number you want to store the station as.

Press and **hold** the 'Enter' button (Ref.3) to save.

The display will then show "Preset (1) stored".

How to play a preset radio station

Once you have stored all your selected stations, press and **hold** the 'Enter' button (Ref.3). Use the 'Previous' (Ref.2) or 'Next' (Ref.5) buttons to scroll through your preset stations, up to 10.

Press the 'Enter' button (Ref.3) to select your choice.
